
PURDUE GRADUATE STUDENT SENATE

RESOLUTION No. FA22 – R008

**Support Center for Advocacy, Response, and
Education To Broaden Its Outreach Among
Graduate Students**

Author(s): Rachel Zhang

Sponsor(s): Rachel Zhang, Hospitality and Tourism Management

NOTING, Purdue Center for Advocacy, Response, and Education (CARE) provides free and confidential support to students who have experienced interpersonal violence (e.g., sexual violence, harassment, stalking); and

NOTING, CARE offers free campus-wide prevention workshops, topics including bystander intervention, survivor support, and identifying interpersonal violence. CARE's service is valuable to the graduate community as 41% of graduate students are international students and may experience cultural differences when it comes to identifying power-based violence within relationships; and

NOTING, Graduate students, international students especially, may be experiencing domestic violence or aggression and receive limited support, or do not discuss these issues with others due to concerns related to academic standing, immigration status and many more; and

NOTING, CARE's service is less known by the graduate student community. Further education and awareness regarding interpersonal violence must be made a priority to better the graduate student experience; and

NOTING, GSOs have less incentives to organize workshops with CARE, presumably because graduate students may not have time to participate in workshops outside breaks or evenings.

NOW, THEREFORE, BE IT RESOLVED, service to the graduate student handbook, beginning Fall 2023.

The PGSG includes CARE's
